(Act of May 20, 1936)

[Material in brackets and footnotes are not part of Act.]

TITLE I

Be it enacted by the Senate, and House of Representatives of the United States of America in Congress assembled,

SECTION 1. [7 U.S.C. 901] SHORT TITLE.

This Act may be cited as the “Rural Electrification Act of 1936”.

SEC. 2. [7 U.S.C. 902] GENERAL AUTHORITY OF THE SECRETARY OF AGRICULTURE.

(a) **LOANS.**—The Secretary of Agriculture (referred to in this Act as the “Secretary”) is authorized and empowered to make loans in the several States and Territories of the United States for rural electrification and for the purpose of furnishing and improving electric and telephone service in rural areas, as provided in this Act, and for the purpose of assisting electric borrowers to implement demand side management, energy conservation programs, and on-grid and off-grid renewable energy systems.

(b) **INVESTIGATIONS AND REPORTS.**—The Secretary may make, or cause to be made, studies, investigations, and reports regarding matters, including financial, technological, and regulatory matters, affecting the condition and progress of electric, telecommunications, and economic development in rural areas, and publish and disseminate information with respect to the matters.

SEC. 3. [7 U.S.C. 903] AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

SEC. 4. [7 U.S.C. 904] The Secretary is authorized and empowered, from the sums hereinbefore authorized, to make loans for rural electrification to persons, corporations, States, Territories, and subdivisions and agencies thereof, municipalities, peoples’ utility districts and cooperative, nonprofit, or limited-dividend associations organized under the laws of any State or Territory of the United States, for the purpose of financing the construction and operation of generating plants, electric transmission and distribution lines or systems for the furnishing and improving of electric service to persons in rural areas, including by assisting electric borrowers to implement demand side management, energy conservation programs, and on-grid and off-grid renewable energy systems, and loans, from funds available under section 3, to cooperative associations and municipalities for the purpose of enabling said cooperative associations, and municipalities to the extent that such indebted-

edness was incurred with respect to electric transmission and distribution lines or systems or portions thereof serving persons in rural areas, to discharge or refinance long-term debts owned by them to the Tennessee Valley Authority on account of loans made or credit extended under the terms of the Tennessee Valley Authority Act of 1933, as amended: *Provided*, That the Secretary, in making such loans, shall give preference to States, Territories, and subdivisions and agencies thereof, municipalities, peoples' utility districts, and cooperative, nonprofit, or limited-dividend associations, the projects of which comply with the requirements of this Act. Such loans shall be on such terms and conditions relating to the expenditure of the moneys loaned and the security therefor as the Secretary shall determine and may be made payable in whole or in part out of the income, except that no loan for the construction, operation, or enlargement of any generating plant shall be made unless the consent of the State authority having jurisdiction in the premises is first obtained. Loans under this section shall not be made unless the Secretary finds and certifies that in his judgment the security therefor is reasonably adequate and such loan will be repaid within the time agreed.

[Sec. 5 was repealed by Public Law 104-127, sec. 774(a), 110 Stat. 1150.]

SEC. 6. [7 U.S.C. 906] For the purpose of administering this Act and for the purpose of making the studies, investigations, publications, and reports herein provided for, there is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, such sums as shall be necessary.

[7 U.S.C. 907] The Secretary is authorized and empowered to bid for and purchase at any foreclosure or other sale, or otherwise to acquire, property pledged or mortgaged to secure any loan made pursuant to this Act; to pay the purchase price and any costs and expenses incurred in connection therewith from the sums authorized in section 3 of this Act; to accept title to any property so purchased or acquired in the name of the United States of America; to operate or lease such property for such period as may be deemed necessary or advisable to protect the investment therein, but not to exceed five years after the acquisition thereof; and to sell such property so purchased or acquired, upon such terms and for such consideration as the Secretary shall determine to be reasonable.

No borrower of funds under section 4 or section 201 shall, without the approval of the Secretary, sell or dispose of its property, rights, or franchises, acquired under the provisions of this Act, until any loan obtained from the Rural Electrification Administration, including all interest and charges, shall have been repaid.

[Sec. 8 was repealed by Public Law 104-127, sec. 776, 110 Stat. 1150.]

SEC. 9. [7 U.S.C. 909] This Act shall be administered entirely on a nonpartisan basis, and in the appointment of officials, the selection of employees, and in the promotion of any such officials or employees, no political test or qualification shall be permitted or given consideration, but all such appointments and promotions shall be given and made on the basis of merit and efficiency. If the Secretary herein provided for is found by the President of the

United States to be guilty of a violation of this section, he shall be removed from office by the President, and any appointee or selection of officials or employees made by the Secretary who is found guilty of a violation of this Act shall be removed by the Secretary.

[Sec. 10 was repealed by Public Law 104-127, sec. 777, 110 Stat. 1150.]

The Secretary is authorized, from sums appropriated pursuant to section 6, to make such expenditures (including expenditures for personal services; supplies and equipment; lawbooks and books of reference; directories and periodicals; travel expenses; rental at the seat of government and elsewhere; the purchase, operation, or maintenance of passenger-carrying vehicles; and printing and binding) as are appropriate and necessary to carry out the provisions of this Act.

[Sec. 11A was repealed by Public Law 103-354, sec. 235(a)(5), 105 Stat. 3221.]

SEC. 12. [7 U.S.C. 912] (a) The Secretary is authorized and empowered to extend the time of payment of interest or principal of any loans made by the Secretary pursuant to this Act, except that, with respect to any loan made under section 4 or section 201, the payment of interest or principal shall not be extended more than five years after such payment shall have become due.

(b)(1) Subject to limitations established in appropriations Acts, the Secretary shall permit any borrower to defer the payment of principal and interest on any insured or direct loan made under this Act under circumstances described in this subsection, notwithstanding any limitation contained in subsection (a), except that such deferment shall not be permitted based on the determination of the Secretary of the financial hardship of the borrower.

(2)(A) In the case of deferments made to enable the borrower to provide financing to local businesses, the deferment shall be repaid in equal installments, without the accrual of interest, over the 60-month period beginning on the date of the deferment, and the total amount of such payments shall be equal to the amount of the payment deferred.

(B) In the case of deferments made to enable the borrower to provide community development assistance, technical assistance to businesses, and for other community, business, or economic development projects not included under subparagraph (A), the deferment shall be repaid in equal installments, without the accrual of interest, over the 120-month period beginning on the date of the deferment, and the total amount of such payments shall be equal to the amount of the payment deferred.

(3)(A) A borrower may defer its debt service payments only in an amount equal to an investment made by such borrower as described in paragraph (2).

(B) The amount of the deferment shall not exceed 50 percent of the total cost of a community or economic development project for which a deferment is provided under this subsection.

(C) The total amount of deferments under this subsection during each of the fiscal years 1990 through 1993 shall not exceed 3 percent of the total payments due during such fiscal year from all borrowers on direct and insured loans made under this Act and shall not exceed 5 percent of such total payments due in each subsequent fiscal year.

(D) At the time of a deferment, the borrower shall make a payment to a cushion of credit account established and maintained pursuant to section 313 in an amount equal to the amount of the payment deferred. The balance of such account shall not be reduced by the borrower below the level of the unpaid balance of the payment deferred. Subject to limitations established in annual appropriations Acts, such cushion of credit amounts and any other cushion of credit and advance payments of any borrower shall be included in the interest differential calculation under section 313(b)(2)(A).

(4) The Secretary shall undertake all reasonable efforts to permit the full amount of deferments authorized by this subsection during each fiscal year.

TITLE II

SEC. 201. [7 U.S.C. 922] From such sums as are from time to time made available by the Congress to the Secretary for such purpose, pursuant to section 3 of the Rural Electrification Act of 1936, as amended, the Secretary or is authorized and empowered to make loans to persons now providing or who may hereafter provide telephone service in rural areas, to public bodies now providing telephone service in rural areas and to cooperative, nonprofit, limited dividend, or mutual associations. Except as otherwise provided by this title, such loans shall be made under the same terms and conditions as are provided in section 4 of said Act, for the purpose of financing the improvement, expansion, construction, acquisition, and operation of telephone lines, facilities, or systems to furnish and improve telephone service in rural areas: *Provided, however,* That the Secretary, in making such loans, shall give preference to persons providing telephone service in rural areas, to public bodies now providing telephone service in rural areas, and to cooperative, nonprofit, limited dividend, or mutual associations: *And provided further,* That for a period of one year from and after the effective date of this title applications for loans received by the Secretary from persons who on the effective date of this title are engaged in the operation of existing telephone service in rural areas shall be considered and acted upon before action is taken upon any application received from any other person for any loan to finance the furnishing or improvement of telephone service to substantially the same subscribers. The Secretary in making such loans shall, insofar as possible, obtain assurance that the telephone service to be furnished or improved thereby will be made available to the wildest practical number of rural users. When it is determined by the Secretary to be necessary in order to furnish or improve telephone service in rural areas, such loans may be made for the improvement, expansion, construction, acquisition, and operation of telephone lines, facilities, or systems without regard to their geographical location. The Secretary is further authorized and empowered to make loans for the purpose of refinancing outstanding indebtedness of persons furnishing telephone service in rural areas: *Provided,* That such refinancing shall be determined by the Secretary to be necessary in order to furnish and improve telephone service in rural areas: *And provided further,* That such refinancing shall constitute not more than 40 per centum of any loan made under this title. Loans under this section shall not be made unless the Secretary finds and certifies that in his judgment the security

therefor is reasonably adequate and such loan will be repaid within the time agreed, nor shall such loan be made in any State which now has or may hereafter have a State regulatory body having authority to regulate telephone service and to require certificates of convenience and necessity to the applicant unless such certificate from such agency is first obtained. In a State in which there is no such agency or regulatory body legally authorized to issue such certificates to the applicant, no loan shall be made under this section unless the Secretary shall determine (and set forth his reasons therefor in writing) that no duplication of lines, facilities, or systems, providing reasonably adequate services will result therefrom.

SEC. 202. [7 U.S.C. 923] Nothing contained in this Act shall be construed to deprive any State commission, board, or other agency of jurisdiction, under any State law, now or hereafter effective, to regulate telephone service which is not subject to regulation by the Federal Communications Commission, under the Communications Act of 1934, including the rates for such service.

SEC. 203. [7 U.S.C. 924] (a) As used in this title, the term "telephone service" shall be deemed to mean any communication service for the transmission or reception of voice, data, sounds, signals, pictures, writing, or signs of all kinds by wire, fiber, radio, light, or other visual or other visual or electromagnetic means and shall include all telephone lines, facilities, or systems used in the rendition of such service; but shall not be deemed to mean message telegram service or community antenna television system services or facilities other than those intended exclusively for educational purposes, or radio broadcasting services or facilities within the meaning of section 3(o) of the Communications Act of 1934, as amended.

(b) As used in this title, the term "rural area" shall be deemed to mean any area of the United States not included within the boundaries of any incorporated or unincorporated city, village, or borough having a population in excess of 5,000 inhabitants.

SEC. 204. [7 U.S.C. 925] LOAN FEASIBILITY.

The Secretary and the Governor of the telephone bank may not, as a condition of making a telephone loan to an applicant therefor, require the applicant to—

- (1) increase the rates charged to the applicant's customers or subscribers; or
- (2) increase the applicant's ratio of—
 - (A) net income or margins before interest; to
 - (B) the interest requirements on all of the applicant's outstanding and proposed loans.

SEC. 205. [7 U.S.C. 926] CERTAIN RURAL DEVELOPMENT INVESTMENTS BY QUALIFIED TELEPHONE BORROWERS NOT TREATED AS DIVIDENDS OR DISTRIBUTIONS.

(a) IN GENERAL.—The Secretary and the Governor of the telephone bank shall not—

- (1) treat any amount invested by any qualified telephone borrower for any purpose described in section 607(c)(2) of the Rural Development Act of 1972 (including any investment in, or extension of credit, guarantee, or advance made to, an affiliated company of the borrower, that is used by such company

for such a purpose) as a dividend or distribution of capital to the extent that, immediately after such investment, the aggregate of such investments does not exceed $\frac{1}{3}$ of the net worth of the borrower; or

(2) require a qualified telephone borrower to obtain the approval of the Secretary or the Governor of the telephone bank in order to make an investment described in paragraph (1).

(b) **QUALIFIED TELEPHONE BORROWER DEFINED.**—As used in subsection (a), the term “qualified telephone borrower” means a person—

(1) to whom a telephone loan has been made or guaranteed under this Act; and

(2) whose net worth is at least 20 percent of the total assets of such person.

SEC. 206. [7 U.S.C. 927] GENERAL DUTIES AND PROHIBITIONS.

(a) **DUTIES.**—The Secretary and the Governor of the telephone bank shall—

(1) notwithstanding section 553(a)(2) of title 5, United States Code, cause to be published in the Federal Register, in accordance with subsections (b) through (e) of section 553 of such title, all rules, regulations, bulletins, and other written policy standards governing the operations of the telephone loan and loan guarantee programs administered under this Act other than those relating to agency management and personnel;

(2) in evaluating the feasibility of a telephone loan to be made to a borrower for telephone services, use—

(A) with respect to items for which the regulatory authority with jurisdiction over the provision of such services has approved the depreciation rates used by the borrower, such approved rates; and

(B) with respect to other items, the average of the depreciation rates used by borrowers of telephone loans made under this Act;

(3) annually determine and publish the average described in paragraph (2)(B); and

(4) make loans for all purposes for which telephone loans are authorized under section 201 or 408, to the extent of qualifying applications therefor.

(b) **PROHIBITIONS.**—The Secretary and the Governor of the telephone bank shall not—

(1) rescind an insured telephone loan, or a Rural Telephone Bank loan, made under this Act without the consent of the borrower, unless all of the purposes for which telephone loans have been made to the borrower under this Act have been accomplished with funds provided under this Act;

(2) regulate the order or sequence of advances of funds under telephone loans made under this Act to any borrower who has received any combination of telephone loans from the Secretary, the Rural Telephone Bank, or the Federal Financing Bank; or

(3) deny a loan or advance to, or take any other adverse action against, an applicant for, or a borrower of, a telephone

loan under this Act for any reason that is not based on a rule, regulation, bulletin, or other written policy standard that has not been published pursuant to section 553 of title 5, United States Code.

SEC. 207. [7 U.S.C. 928] PROMPT PROCESSING OF TELEPHONE LOANS.

Within ten days after the end of the second and fourth calendar quarters of each year, the Secretary shall submit to the Committee on Agriculture and the Committee on Appropriations of the House of Representatives, and to the Committee on Agriculture, Nutrition, and Forestry and the Committee on Appropriations of the Senate, a report—

- (1) identifying each completed application for a telephone loan under section 305, a guarantee of a telephone loan under section 306, or a loan under section 408, that has not been finally acted upon within ninety days after the date the completed application is submitted; and
- (2) stating the reasons for the failure to finally act upon the completed applications within such ninety-day period.

TITLE III

SEC. 301. [7 U.S.C. 931] RURAL ELECTRIFICATION AND TELEPHONE REVOLVING FUND.—There is hereby established in the Treasury of the United States a fund, to be known as the Rural Electrification and Telephone Revolving Fund (hereinafter referred to as the “Fund”), consisting of:

SEC. 302. [7 U.S.C. 932] LIABILITIES AND USES OF FUND.—(a) The Notes of the Secretary to the Secretary of the Treasury to obtain funds for loans under sections 4, 5, and 201 of this Act, and all other liabilities against the appropriations or assets in the fund in connection with electrification and telephone loan operations shall be liabilities of the fund, and all other obligations against such appropriations or assets in the fund arising out of electrification and telephone loan operations shall be obligations of the fund.

(b) The assets of the fund shall be available only for the following purposes:

(3)(A) The assets accounted for in the electric account shall be available solely for electrification loan operations under this Act.

SEC. 303. [7 U.S.C. 933] DEPOSIT OF FUND MONEYS.—Moneys in the fund shall remain on deposit in the Treasury of the United States until disbursed.

SEC. 304. [7 U.S.C. 934] FINANCIAL TRANSACTIONS OF FUNDS—(a) The Secretary is authorized to make and issue interim notes to the Secretary of the Treasury for the purpose of obtaining funds necessary for discharging obligations of the fund and for making loans, advances and authorized expenditures out of the fund. Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be agreed upon by the Secretary and the Secretary of the Treasury. Such notes shall bear interest at a rate fixed by the Secretary of the Treasury, taking into consideration the current average market yield of outstanding marketable obligations of the United States having maturities comparable to the notes issued by the Secretary under this section. The Secretary of the Treasury is authorized and directed to purchase any notes of the Secretary issued hereunder, and, for that purpose, the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which such securities may be issued under such Act, as amended, are extended to include the purchase of notes issued by the Secretary. All redemptions, purchase, and sales by the Secretary of the Treasury of such notes shall be treated as public debt transactions of the United States: *Provided, however,* That such interim notes to the Secretary of the Treasury shall not be included in the totals of the budget of the United States Government and shall be exempt from any general limitation imposed by statute on expenditures and net lending (budget outlays) of the United States.

(c) The Secretary may, on an insured basis or otherwise, sell and assign any notes in the fund or sell certificates of beneficial ownership therein to the Secretary of the Treasury or in the private market. Any sale by the Secretary of notes individually or in blocks shall be treated as a sale of assets for the purposes of the Budget and Accounting Act, 1921, notwithstanding the fact that the Secretary, under an agreement with the purchaser or purchasers, holds the debt instruments evidencing the loans and holds or reinvests payments thereon as trustee and custodian for the purchaser or purchasers of the individual note or of the certificate of beneficial ownership in a number of such notes. Security instruments taken by the Secretary in connection with any notes in the fund may constitute liens running to the United States notwithstanding the fact that such notes may be thereafter held by purchasers thereof.

SEC. 305. [7 U.S.C. 935] INSURED LOANS; INTEREST RATES AND LENDING LEVELS.

(a) **IN GENERAL.**—The Secretary is authorized to make insured loans under this title and at the interest rates hereinafter provided to the full extent of the assets available in the fund, subject only to limitations as to amounts authorized for loans and advances as may be from time to time imposed by the Congress of the United States for loans to be made in any one year, which amounts shall remain available until expended: *Provided*, That the Congress in the annual appropriation Act may also authorize the transfer of any excess cash in the fund for deposit into the Treasury as miscellaneous receipts: *And provided further*, That any such loans and advances shall not be included in the totals of the budget of the United States Government and shall be exempt from any general limitation imposed by statute on expenditures and net lending (budget outlays) of the United States.

(b) **INSURED LOANS.**—Loans made under this section shall be insured by the Secretary when purchased by a lender. As used in this Act, an insured loan is one which is made, held, and serviced by the Secretary, and sold and insured by the Secretary hereunder; such loans shall be sold and insured by the Secretary without undue delay.

(D) CALL PROVISION.—The Secretary shall offer any applicant for a loan under this paragraph the option to include in the loan agreement the right of the applicant to prepay the loan on terms consistent with similar provisions of commercial loans.

(3) OTHER SOURCE OF CREDIT NOT REQUIRED IN CERTAIN CASES.—The Secretary may not require any applicant for a loan made under this subsection who is eligible for a loan under paragraph (1) to obtain a loan from another source as a condition of approving the application for the loan or advancing any amount under the loan.

(d) INSURED TELEPHONE LOANS.—

(B) AUTHORITY TO WAIVE TIER REQUIREMENT.—The Secretary may waive the requirement of subparagraph (A)(ii) in any case in which the Secretary determines (and sets forth the reasons for the waiver in writing) that the requirement would prevent emergency restoration of the telephone system of the applicant or result in severe hardship to the applicant.

(C) EFFECT OF LACK OF FUNDS.—On request of any applicant who is eligible for a loan under this paragraph for which funds are not available, the applicant shall be considered to have applied for a loan under title IV.

(2) COST-OF-MONEY LOANS.—

(A) IN GENERAL.—The Secretary may make insured telephone loans for the acquisition, purchase, and installation of telephone lines, systems, and facilities (other than buildings used primarily for administrative purposes, vehicles not used primarily in construction, and customer premise equipment) related to the furnishing, improvement, or extension of rural telecommunications service, at an interest rate equal to the then current cost of money to the Government of the United States for loans of similar

(C) EFFECT OF LACK OF FUNDS.—On request of any applicant who is eligible for a loan under this paragraph for which funds are not available, the applicant shall be considered to have applied for a loan guarantee under section 306.

(A) APPROVAL.—If, not later than 1 year after final regulations are promulgated to carry out this paragraph, any State, either by statute or through the public utility commission of the State, develops a telecommunications modernization plan that meets the requirements of subparagraph (B), the Secretary shall approve the plan for the State. (II) the proper routing of information to subscribers.

(v) The plan must provide for uniform deployment schedules to ensure that advanced services are deployed at the same time in rural and nonrural areas.

(vi) The plan must provide for such additional requirements for service standards as may be required by the Secretary.

(C) FINALITY OF APPROVAL.—A telecommunications modernization plan approved under subparagraph (A) may not subsequently be disapproved. Notwithstanding paragraphs (1)(A)(iii) and (2)(A)(iii), and section 408(b)(4)(C), the Secretary and the Governor of the telephone bank may make a loan to a borrower serving a State that does not have a telecommunication modernization plan approved by the Secretary if the loan is made less than 1 year after the Secretary has adopted final regulations implementing this paragraph.

SEC. 306. [7 U.S.C. 936] GUARANTEED LOANS; ACCOMMODATION AND SUBORDINATION OF LIENS.—The Secretary may provide financial assistance to borrowers for purposes provided in the Rural Electrification Act of 1936, as amended, by guaranteeing loans, in the full amount thereof, made by the Rural Telephone Bank, National Rural Utilities Cooperative Finance Corporation, and any other legally organized lending agency, or by accommodating or subordinating liens or mortgages in the fund held by the Secretary as owner or as trustee or custodian for purchases of notes from the fund, or by any combination of such guarantee, accommodation, or subordination. The Secretary shall not provide such assistance to any borrower of a telephone loan under this Act unless the borrower specifically applies for such assistance. No fees or charges shall be assessed for any such guarantee, accommodation, or subordination. With respect to guarantees issued by the Secretary under this section, on the request of the borrower of any such loan so guaranteed, the loan shall be made by the Federal Financing Bank and at a rate of interest that is not more than the rate of interest applicable to other similar loans then being made or purchased by the Bank. Guaranteed loans shall bear interest at the rate agreed upon by the borrower and the lender. Guaranteed loans, and accommodation and subordination of liens or mortgages, may be made concurrently with an insured loan. The amount of guaranteed loans shall be subject only to such limitations as to amounts as may be authorized from time to time by the Congress of the United States: *Provided*, That any amounts guaranteed hereunder

shall not be included in the totals of the budget of the United States Government and shall be exempt from any general limitation imposed by statute on expenditures and net lending (budget outlays) of the United States. As used in this title a guaranteed loan is one which is initially made, held, and serviced by a legally organized lending agency and which is guaranteed by the Secretary hereunder. A guaranteed loan, including the related guarantee, may be assigned to the extent provided in the contract of guarantee executed by the Secretary under this title; the assignability of such loan and guarantee shall be governed exclusively by said contract of guarantee.

SEC. 306A. [7 U.S.C. 936a] PREPAYMENT OF LOANS.

(a) Except as provided in subsection (c), a borrower of a loan made by the Federal Financing Bank and guaranteed under section 306 of this Act may prepay such loan (or any loan advance thereunder) by paying the outstanding principal balance due on the loan (or advance), if—

- (1) the loan is outstanding on July 2, 1986;
- (2) private capital, with the existing loan guarantee, is used to replace the loan; and
- (3) the borrower certifies that any savings from such prepayment will be passed on to its customers or used to improve the financial strength of the borrower in cases of financial hardship.

(b) No sums in addition to the payment of the outstanding principal balance due on the loan may be charged as the result of such prepayment against the borrower, the fund, or the Secretary.

(c)(1) A borrower will not qualify for prepayment under this section if, in the opinion of the Secretary of the Treasury, to prepay in such borrower's case would adversely affect the operation of the Federal Financing Bank.

(2) Paragraph (1) shall be effective in fiscal year 1987 only for any loan the prepayment of the principal amount of which will cause the cumulative amount of net proceeds from all such prepayments made during such year to exceed \$2,017,500,000.

(d)(1) The Secretary shall permit, subject to subsection (a), prepayment of principal on loans in fiscal year 1987 under this section or Public Law 99-349 in such amounts as to realize net proceeds from all such prepayments in fiscal year 1987 in an amount not less than \$2,017,500,000.

(2) The Secretary shall establish—

(A) eligibility criteria to ensure that any loan prepayment activity required to be carried out under this subsection will be directed to those cooperative borrowers in greatest need of the benefits associated with prepayment, as determined by the Secretary; and

(B) such other eligibility criteria as the Secretary determines are necessary to carry out this subsection.

(e) Any guarantee of a loan prepaid under this section shall be fully assignable under the provisions of section 306 of this Act and transferable. However, the Secretary may require that any such guarantee, if transferred or assigned, be transferred or assigned to a loan or security that, if sold, will be grouped with nonguaranteed

loans or securities and sold in a manner to ensure that such sale will not unreasonably compete with the marketing of obligations of the United States.

SEC. 306B. [7 U.S.C. 936b] SALE OR PREPAYMENT OF DIRECT OR INSURED LOANS.

(a) DISCOUNTED PREPAYMENT BY BORROWERS OF ELECTRIC LOANS.—

(1) IN GENERAL.—Except as provided in paragraph (2), a direct or insured loan made under this Act shall not be sold or prepaid at a value that is less than the outstanding principal balance on the loan.

(2) EXCEPTION.—On request of the borrower, an electric loan made under this Act, or a portion of such a loan, that was advanced before May 1, 1992, or has been advanced for not less than 2 years, shall be sold to or prepaid by the borrower at the lesser of—

(A) the outstanding principal balance on the loan; or

(B) the present value of the loan discounted from the face value at maturity at the rate established by the Secretary.

(3) DISCOUNT RATE.—The discount rate applicable to the prepayment under this subsection of a loan or loan advance shall be the then current cost of funds to the Department of the Treasury for obligations of comparable maturity to the remaining term of the loan.

(4) TAX EXEMPT FINANCING.—If a borrower prepays a loan under this subsection using tax exempt financing, the discount shall be adjusted to ensure that the borrower receives a benefit that is equal to the benefit the borrower would receive if the borrower used fully taxable financing. The borrower shall certify in writing whether the financing will be tax exempt and shall comply with such other terms and conditions as the Secretary may establish that are reasonable and necessary to carry out this subsection.

(5) ELIGIBILITY.—

(A) IN GENERAL.—A borrower that has prepaid an insured or direct loan shall remain eligible for assistance under this Act in the same manner as other borrowers, except that—

(i) a borrower that has prepaid a loan, either before or after the date of enactment of this subsection, at a discount rate as provided by paragraph (3), shall not be eligible, except at the discretion of the Secretary, to apply for or receive direct or insured loans under this Act during the 120-month period beginning on the date of the prepayment; and

(ii) a borrower that prepaid a loan before the date of enactment of this subsection at a discount rate greater than that provided by paragraph (3), shall not be eligible—

(I) except at the discretion of the Secretary, to apply for or receive direct or insured loans described in clause (i) during the 180-month period beginning on the date of the prepayment; or

(II) to apply for or receive direct or insured loans described in clause (i) until the borrower has repaid to the Federal Government the sum of—

(aa) the amount (if any) by which the discount the borrower received by reason of the prepayment exceeds the discount the borrower would have received had the discount been based on the cost of funds to the Department of the Treasury at the time of the prepayment; and

(bb) interest on the amount described in item (aa), for the period beginning on the date of the prepayment and ending on the date of the repayment, at a rate equal to the average annual cost of borrowing by the Department of the Treasury.

(B) EFFECT ON EXISTING AGREEMENTS.—If a borrower and the Secretary have entered into an agreement with respect to a prepayment occurring before the date of enactment of this subsection, this paragraph shall supersede any provision in the agreement relating to the restoration of eligibility for loans under this Act.

(C) DISTRIBUTION BORROWERS.—A distribution borrower not in default on the repayment of loans made or insured under this Act shall be eligible for discounted prepayment as provided in this subsection. For the purpose of determining eligibility for discounted prepayment under this subsection or eligibility for assistance under this Act, a default by a borrower from which a distribution borrower purchases wholesale power shall not be considered a default by the distribution borrower.

(6) DEFINITIONS.—As used in this subsection:

(A) DIRECT LOAN.—The term “direct loan” means a loan made under section 4.

(B) INSURED LOAN.—The term “insured loan” means a loan made under section 305.

(b) MERGERS OF ELECTRIC BORROWERS.—Notwithstanding subsection (a), a direct or insured loan may be prepaid by an electric borrower at the lesser of the outstanding principal balance due thereon or the present value thereof discounted from the face value at maturity at the rate set by the Secretary if the borrower is an electrical organization which resulted from a merger or consolidation between a borrower and an organization which, prior to October 1, 1987, prepaid its direct or insured loans pursuant to this section. Prepayments by a borrower hereunder shall be made not later than one year after the effective date of the merger, consolidation, or other transaction. The discount rate to be set by the Secretary for direct or insured loans prepayments hereunder shall be based on the current cost of funds to the Department of the Treasury for obligations of comparable maturity to those being prepaid. If a borrower prepays using tax exempt financing, the discount shall be adjusted to make the discount equivalent to fully taxable financing. The borrower shall certify in writing whether the financing will be tax exempt and shall comply with such other terms and conditions

as the Secretary may establish which are reasonable and necessary to implement this provision. As used in this section, the term "direct loan" means a loan made under section 4.

SEC. 306D.¹ [7 U.S.C. 936d] ELIGIBILITY OF DISTRIBUTION BORROWERS FOR LOANS, LOAN GUARANTEES, AND LIEN ACCOMMODATIONS.

For the purpose of determining the eligibility of a distribution borrower not in default on the repayment of a loan made or guaranteed under this Act for a loan, loan guarantee, or lien accommodation under this title, a default by a borrower from which the distribution borrower purchases wholesale power shall not—

- (1) be considered a default by the distribution borrower;
- (2) reduce the eligibility of the distribution borrower for assistance under this Act; or
- (3) be the cause, directly or indirectly, of imposing any requirement or restriction on the borrower as a condition of the assistance, except such requirements or restrictions as are necessary to implement a debt restructuring agreed on by the power supply borrower and the Government.

SEC. 306E. [7 U.S.C. 936e] ADMINISTRATIVE PROHIBITIONS APPLICABLE TO CERTAIN ELECTRIC BORROWERS.

(a) IN GENERAL.—For the purpose of relieving borrowers of unnecessary and burdensome requirements, the Secretary, guided by the practices of private lenders with respect to similar credit risks, shall issue regulations, applicable to any electric borrower under this Act whose net worth exceeds 110 percent of the outstanding principal balance on all loans made or guaranteed to the borrower by the Secretary, to minimize those approval rights, requirements, restrictions, and prohibitions that the Secretary otherwise may establish with respect to the operations of such a borrower.

(b) SUBORDINATION OR SHARING OF LIENS.—At the request of a private lender providing financing to such a borrower for a capital investment, the Secretary shall, expeditiously, either offer to share the government's lien on the borrower's system or offer to subordinate the government's lien on that property financed by the private lender.

(c) ISSUANCE OF REGULATIONS.—In issuing regulations implementing this section, the Secretary may establish requirements, guided by the practices of private lenders, to ensure that the security for any loan made or guaranteed under this Act is reasonably adequate.

(d) AUTHORITY OF THE SECRETARY.—Nothing in this section limits the authority of the Secretary to establish terms and conditions with respect to the use by borrowers of the proceeds of loans made or guaranteed under this Act or to take any other action specifically authorized by law.

(i) paragraph (1)(B), if the loan advance has reached the 12-year maturity required under the loan agreement for the refinancing or prepayment; or

(ii) paragraph (1)(C), if the loan advance has not reached the 12-year maturity required under the loan agreement for the refinancing or prepayment.

(3) FINANCING OF PENALTY.—

(1) IN GENERAL.—On the payment of a penalty as provided by subsection (b), the loan or loan advance, or any portion of the loan or advance, shall be refinanced at the interest rate described in paragraph (2) for a term selected by the borrower pursuant to paragraph (3), except that this paragraph shall not apply if the loan advance, or any portion of the advance, is prepaid by the borrower.

(2) INTEREST RATE.—The interest rate on a loan refinanced under this section shall be determined to be equal to the then current cost of funds to the Department of the Treasury for obligations of comparable maturity to a term selected by the borrower pursuant to paragraph (3), except that such rate shall not be greater than 7 percent per year, subject to subsection (d).

(B) GRANTS.—The Secretary is authorized, from the interest differential sums credited this subaccount and from any other funds made available thereto, to provide grants or zero interest loans to borrowers under this Act for the purpose of promoting rural economic development and job creation projects, including funding for project feasibility studies, start-up costs, incubator projects, and other reasonable expenses for the purpose of fostering rural development.

The telephone bank is authorized to make payments to State, territorial, and local governments in lieu of property taxes upon real property and tangible personal property which was subject to State, territorial, and local taxation before acquisition by the telephone bank. Such payment may be in the amounts, at the times, and upon such terms as the telephone bank deems appropriate but the telephone bank shall be guided by the policy of making payments not in excess of the taxes which would have been payable upon such property in the condition in which it was acquired.

SEC. 402. (b) in order to perform its responsibilities under this title, the telephone bank may partially or jointly utilize the facilities and the services of employees of the Secretary, without cost to the telephone bank;

(c) the telephone bank shall be subject to the provisions of the Government Corporation Control Act, as amended (31 U.S.C. 841, et seq.), in the same manner and to the same extent as if it were included in the definition of "wholly owned Government corporation" as set forth in section 101 of said Act (31 U.S.C. 486);

SEC. 406. [7 U.S.C. 946] CAPITALIZATION.—(a) The telephone bank's capital shall consist of capital subscribed by the United States, by borrowers from the telephone bank, by corporations and public bodies eligible to become borrowers from the telephone bank, and by organizations controlled by such borrowers, corporations, and public bodies. Beginning with the fiscal year 1971 and for each fiscal year thereafter but not later than fiscal year 1991, the United States shall furnish capital for the purchase of class A stock and there are hereby authorized to be appropriated such amounts, not to exceed \$30,000,000 annually, for such purchases until such class A stock shall equal \$600,000,000: *Provided*, That on or before July 1, 1975, the Secretary shall make a report to the President for transmittal to the Congress on the status of capitalization of the telephone bank by the United States with appropriate recommendations. As used in this section and section 301, the term "net collection proceeds" shall be deemed to mean payments from and after July 1, 1969, of principal and interest on loans heretofore or hereafter made under section 201 of this Act, less an amount representing interest payable to the Secretary of the Treasury on loans to the Secretary for telephone purposes.

(b) The capital stock of the telephone bank shall consist of three classes, class A, class B, and class C, the rights, powers, privileges, and preferences of the separate classes to be as specified, not inconsistent with law, in the bylaws of the telephone bank. Class B and class C stock shall be voting stock, but no holder of said stock shall be entitled to more than one vote, nor shall class B and class C stockholders, regardless of their number, which are owned or controlled by the same person, group of persons, firm, association, or corporation, be entitled in any event to more than one vote.

(c) Class A stock shall be issued only to the Secretary on behalf of the United States in exchange for capital furnished to the telephone bank pursuant to subsection (a), and such class A stock shall be redeemed and retired by the telephone bank as soon as practicable after September 30, 1995, but not to the extent that the Telephone Bank Board determines that such retirement will impair the operations of the telephone bank: *Provided*, That the minimum amount of class A stock that shall be retired each year after said date shall equal the amount of class B stock sold by the telephone bank during such year. Class A stock shall be entitled to a return, payable from income, at the rate of 2 per centum per annum on the amounts of said class A stock actually paid into the telephone bank. Such return shall be cumulative and shall be payable annually into miscellaneous receipts of the Treasury.

(d) Class B stock shall be held only by recipients of loans under section 408 of this Act. Borrowers receiving loan funds pursuant to section 408(a)(1) or (2) shall be required to invest in class B stock 5 per centum of the amount of loan funds so provided, by paying an amount equal to 5 per centum of the amount of each loan advance, at the time of such advance. No dividends shall be payable on class B stock. All holders of class B stock shall be entitled to patronage refunds in class B stock under terms and conditions to be specified in the bylaws of the telephone bank.

(e) Class C stock shall be available for purchase and shall be held only by borrowers, or by corporations and public bodies eligible to borrow under section 408 of this Act, or by organizations controlled by such borrowers, corporations and public bodies, and shall be entitled to dividends in the manner specified in the bylaws of the telephone bank. Such dividends shall be payable only from income and, until all class A stock is retired, shall not exceed the current average rate payable on its telephone debentures.

(f) If a firm, association, corporation, or public body is not authorized under the laws of the jurisdiction in which it is organized to acquire stock of the telephone bank, the telephone bank shall, in lieu thereof, permit such organization to pay into a special fund of the telephone bank a sum equivalent to the amount of stock to be purchased. Each reference in this title to capital stock, or to class B, or class C stock, shall include also the special fund equivalents of such stock, and to the extent permitted under the laws of the jurisdiction in which such organization is organized, a holder of special fund equivalents of class B, or class C stock, shall have the same rights and status as a holder of class B or class C stock, respectively. The rights and obligations of the telephone bank in respect of such special fund equivalent shall be identical to its rights and obligations in respect of class B or class C stock, respectively.

(g) After payment of all operating expenses of the telephone bank, including interest on its telephone debentures, setting aside appropriate funds for the reserve for loan losses, and making payments in lieu of taxes, and returns on class A stock as provided in section 406(c), and on class C stock, the Telephone Bank Board shall annually set aside the remaining earnings of the telephone bank for patronage refunds in accordance with the bylaws of the telephone bank. The telephone bank may not establish any reserve

other than the reserves referred to in this subsection and in subsection (h).

(h) There is hereby established in the telephone bank a reserve for losses due to interest rate fluctuations. Within 30 days after the date of the enactment of this subsection, the Governor of the telephone bank shall transfer to the reserve for losses due to interest rate fluctuations all amounts in the reserve for contingencies as of the date of the enactment of this subsection. All amounts so transferred shall not be transferred, directly or indirectly, to the reserve for contingencies. Amounts in the reserve for interest rate fluctuations may be expended only to cover operating losses of the telephone bank (other than losses attributable to loan defaults) and only after taking into consideration any recommendations made by the General Accounting Office under section 1413(b) of the Omnibus Budget Reconciliation Act of 1987.

(i) The Governor of the telephone bank may invest in obligations of the United States the amounts in the account in the Treasury of the United States numbered 12X8139 (known as the "RTB Equity Fund").

SEC. 407. [7 U.S.C. 947] BORROWING POWER.—(a) The telephone bank is authorized to obtain funds through the public or private sale of its bonds, debentures, notes, and other evidences of indebtedness (herein collectively called telephone debentures). Telephone debentures shall be issued at such times, bear interest at such rates, and contain such other terms and conditions as the Telephone Bank Board shall determine: *Provided, however,* That the amount of the telephone debentures which may be outstanding at any one time pursuant to this section shall not exceed twenty times the paid-in capital and retained earnings of the telephone bank. Telephone debentures shall not be exempt, either as to principal or interest, from any taxation now or hereafter imposed by the United States, by any territory, dependency, or possession thereof, or by any State or local taxing authority. Telephone debentures shall be lawful investments and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under the authority and control of the United States or any officer or officers thereof.

(b) The Telephone Bank is also authorized to issue telephone debentures to the Secretary of the Treasury, and the Secretary of the Treasury may in his discretion purchase any such debentures, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds of the sale of any securities hereafter issued under the Second Liberty Bond Act, as now or hereafter in force, and the purposes for which securities may be issued under the Second Liberty Bond Act as now or hereafter in force are extended to include such purchases. Each purchase of telephone debentures by the Secretary of the Treasury under this subsection shall be upon such terms and conditions as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury, taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturity. The Secretary of the Treasury may sell, upon such terms and conditions and at such price or prices as he shall determine, any of the telephone debentures acquired by

him under this subsection. All purchases and sales by the Secretary of the Treasury of such debentures under this subsection shall be treated as public debt transactions of the United States.

(c) Purchases and resales by the Secretary of the Treasury as authorized in subsection (b) of this section shall not be included in the totals of the budget of the United States Government and shall be exempt from any general limitation imposed by statute on expenditures and net lending (budget outlays) of the United States.

SEC. 408. [7 U.S.C. 948] LENDING POWER.—(a) The Governor of the telephone bank shall make loans on behalf of the telephone bank, to the extent that there are qualifying applications therefor, subject only to limitations as to amounts authorized for loans and advances as may be imposed by law enacted by the Congress of the United States for loans to be made in any one year, and in conformance with policies approved by the Telephone Bank Board, to corporations and public bodies which have received a loan or loan commitment pursuant to section 201 of this Act, or which have been certified by the Secretary to be eligible for such a loan or loan commitment, (1) for the same purposes and under the same limitations for which loans may be made under section 201 of this Act, (2) for the acquisition, purchase, and installation of telephone lines, systems, and facilities (other than buildings used primarily for administrative purposes, vehicles not used primarily in construction, and customer premise equipment) related to the furnishing, improvement, or extension of rural telecommunications service, and (3) of the purchase of class B stock required to be purchased under section 406(d) of this Act but not for the purchase of class C stock, subject, as to the purposes set forth in (2) hereof, to the following provisions: That in the case of any such loan for the acquisition of telephone lines, facilities, or systems, the acquisition shall be approved by the Secretary, the location and character thereof shall be such as to improve the efficiency, effectiveness, or financial stability of the telephone system of the borrower, and in respect of exchange facilities for local services, the size of each acquisition shall not be greater than the borrower's existing system at the time it receives its first loan from the telephone bank, taking into account the number of subscribers served, miles or line, and plant investment. Loans and advances made under this section shall not be included in the totals of the budget of the United States Government and shall be exempt from any general limitation imposed by statute on expenditures and net lending (budget outlays) of the United States.

(b) Loans under this section shall be on such terms and conditions as the Governor of the telephone bank shall determine, subject, however, to the following restrictions:

(1) All loans made under this section shall be fully amortized over a period not to exceed fifty years.

(2) Funds to be loaned under this Act to any borrower shall be loaned under this section in preference to section 201 if the borrower is eligible for such a loan and funds are available therefor. Notwithstanding the foregoing or any other provision of law, all loans made pursuant to this Act for facilities for telephone systems with an average subscriber density of three or fewer per mile shall be made under section 201 of this

Act; but this provision shall not preclude the making of such loans from the telephone bank at the election of the borrower.

(3)(A) Loans under this section shall bear interest at the "cost of money rate". The cost of money rate is defined as the average cost of moneys to the telephone bank as determined by the Governor, but not less than 5 per centum per annum.

(B) On and after the date of the enactment of this subparagraph, advances made on or after such date of enactment under loan commitments made on or after October 1, 1987, shall bear interest at the rate determined under subparagraph (C), but in no event at a rate that is less than 5 percent per annum.

(C) The rate determined under this subparagraph shall be—

(i) for the period beginning on the date the advance is made and ending at the close of the fiscal year in which the advance is made, the average yield (on the date of the advance) on outstanding marketable obligations of the United States having a final maturity comparable to the final maturity of the advance; and

(ii) after the fiscal year in which the advance is made, the cost of money rate for such fiscal year, as determined under subparagraph (D).

(D) Within 30 days after the end of each fiscal year, the Governor shall determine to the nearest 0.01 percent the cost of money rate for the fiscal year, by calculating the sum of the results of the following calculations:

(i) The aggregate of all amounts received by the telephone bank during the fiscal year from the issuance of class A stock, multiplied by the rate of return payable by the telephone bank during the fiscal year, as specified in section 406(c), to holders of class A stock, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

(ii) The aggregate of all amounts received by the telephone bank during the fiscal year from the issuance of class B stock, multiplied by the rate at which dividends are payable by the telephone bank during the fiscal year, as specified in section 406(d), to holders of class B stock, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year. For purposes of the calculation under this subparagraph, such rate shall be zero.

(iii) The aggregate of all amounts received by the telephone bank during the fiscal year from the issuance of class C stock, multiplied by the rate at which dividends are payable by the telephone bank during the fiscal year, under section 406(e), to holders of class C stock, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

(iv)(I) The sum of the results of the calculations described in subclause (II).

(II) The amounts received by the telephone bank during the fiscal year from each issue of telephone debentures

and other obligations of the telephone bank, multiplied, respectively, by the rates at which interest is payable during the fiscal year by the telephone bank to holders of each issue, each of which products is divided, respectively, by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

(v)(I) The amount by which the aggregate of the amounts advanced by the telephone bank during the fiscal year exceeds the aggregate of the amounts received by the telephone bank from the issuance of class A stock, class B stock, class C stock, and telephone debentures and other obligations of the telephone bank during the fiscal year, multiplied by the historic cost of money rate as of the close of the fiscal year immediately preceding the fiscal year, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

(II) For purposes of this clause, the term "historic cost of money rate", with respect to the close of a preceding fiscal year, means the sum of the results of the following calculations: The amounts advanced by the telephone bank in each fiscal year during the period beginning with fiscal year 1974 and ending with the preceding fiscal year, multiplied, respectively, by the cost of money rate for the fiscal year (as set forth in the table in subparagraph (E)) for fiscal years 1974 through 1987, and as determined by the Governor under this subparagraph for fiscal years after fiscal year 1987), each of which products is divided, respectively, by the aggregate of the amounts advanced by the telephone bank during the period.

(E) For purposes of subparagraph (D)(II)¹, the cost of money rate for the fiscal years in which each advance was made shall be as set forth in the following table:

For advances made in—	The cost of money rate shall be—
Fiscal year 1974	5.01 percent
Fiscal year 1975	5.85 percent
Fiscal year 1976	5.33 percent
Fiscal year 1977	5.00 percent
Fiscal year 1978	5.87 percent
Fiscal year 1979	5.93 percent
Fiscal year 1980	8.10 percent
Fiscal year 1981	9.46 percent
Fiscal year 1982	8.39 percent
Fiscal year 1983	6.99 percent
Fiscal year 1984	6.55 percent
Fiscal year 1985	5.00 percent
Fiscal year 1986	5.00 percent
Fiscal year 1987	5.00 percent.

For purposes of this paragraph, the term "fiscal year" means the 12-month period ending on September 30 of the designated year.

(F)(i) Notwithstanding subparagraph (B), if a borrower holds a commitment for a loan under this section made on or after October 1, 1987, and before the date of the enactment of this paragraph, part or all of the proceeds of which have not

¹ So in law. Probably should be "(D)(v)(II)".

been advanced as of such date of enactment, the borrower may, until the later of the date the next advance under the loan commitment is made or 90 days after such date of enactment, elect to have the interest rate specified in the loan commitment apply to the unadvanced portion of the loan in lieu of the rate which (but for this clause) would apply to the unadvanced portion under this paragraph. If any borrower makes an election under this clause with respect to a loan, the Governor shall adjust the interest rate which applies to the unadvanced portion of the loan accordingly.

(ii)(I) If the telephone bank, pursuant to section 407(b), issues telephone debentures on any date to refinance telephone debentures or other obligations of the telephone bank, the telephone bank shall, in addition to any interest rate reduction required by any other provision of this paragraph, for the period applicable to the advance, reduce the interest rate charged on each advance made under this section during the fiscal year in which the refinanced debentures or other obligations were originally issued by the amount applicable to the advance.

(II) For purposes of subclause (I), the term "the period applicable to the advance" means the period beginning on the issue date described in subclause (I) and ending on the earlier of the date the advance matures or is completely prepaid.

(III) For purposes of subclause (I), the term "the amount applicable to the advance" means an amount which fully reflects that percentage of the funds saved by the telephone bank as a result of the refinancing which is equal to the percentage representation of the advance in all advances described in subclause (I).

(IV) Within 60 days after any issue date described in subclause (I), the Governor shall amend the loan documentation for each advance described in subclause (I), as necessary, to reflect any interest rate reduction applicable to the advance by reason of this clause, and shall notify each affected borrower of the reduction.

(G) Within 30 days after the publication of any determination made under subparagraph (D), any affected borrower may obtain review of the determination, or any other equitable relief as may be determined appropriate, by the United States court of appeals for the judicial circuit in which the borrower does business by filing a written petition requesting the court to set aside or modify such determination. On receipt of such a petition, the clerk of the court shall transmit a copy of the petition to the Governor. On receipt of a copy of such a petition from the clerk of the court, the Governor shall file with the court the record on which the determination is based. The court shall have jurisdiction to affirm, set aside, or modify the determination.

(H) Within 5 days after determining the cost of money rate for a fiscal year, the Governor shall—

(i) cause the determination to be published in the Federal Register in accordance with section 552 of title 5, United States Code; and

(ii) furnish a copy of the determination to the Comptroller General of the United States.

(I) The telephone bank shall not sell or otherwise dispose of any loan made under this section, except as provided in this paragraph.

(4) The Governor of the telephone bank may make a loan under this section only to an applicant for the loan who meets the following requirements:

(A) The average number of subscribers per mile of line in the service area of the applicant is not more than 15, or the applicant is capable of producing net income or margins before interest of not less than 100 percent (but not more than 500 percent) of the interest requirements on all of the outstanding and proposed loans of the applicant.

(B) The Secretary has approved, under section 305(d)(3), a telecommunications modernization plan for the State in which the applicant is located and, if the plan was developed by telephone borrowers under title III, the applicant is a participant in the plan.

(5) No loan shall be made in any State which now has or may hereafter have a State regulatory body having authority to regulate telephone service and to require certificates of convenience and necessity to the applicant unless such certificate from such agency is first obtained. In a State in which there is no such agency or regulatory body legally authorized to issue such certificates to the applicant, no loan shall be made under this section unless the Governor of the telephone bank shall determine (and set forth his reasons therefor in writing) that no duplication of lines, facilities, or systems, providing reasonably adequate services will result therefrom.

(6) As used in this section, the term telephone service shall have the meaning prescribed for this term in section 203(a) of this Act, and the term telephone lines, facilities, or systems shall mean lines, facilities, or systems used in the rendition of such telephone service.

(7) No borrower of funds under section 408 of this Act shall, without approval of the Governor of the telephone bank under rules established by the Telephone Bank Board, sell or dispose of its property, rights, or franchises, acquired under the provisions of this Act, until any loan obtained from the telephone bank, including all interest and charges, shall have been repaid.
